

Help Us Connect the Dots!

The Children's Museum Alliance, Inc. (CMA) is a not-for-profit 501(c)(3) organization. CMA was formed to provide unique and meaningful programs and exhibits for all children in order to educate them in the concepts of their world and build a lifelong interest in learning.

We offer a dynamic, constantly evolving museum format that incorporates all of the day-to-day facets of life specifically related to science, technology, engineering, math, (STEM) and the fine arts with a strong focus on the history and culture of the local area.

The Children's Museum Alliance, Inc. believes that to develop and sustain healthy individuals, families, and communities, the children and adults must be involved in quality educational activities. We believe that a museum setting is a logical, convening place where families and community members may engage in exhibits and programs that align with research based principles and beliefs.
